Welcome to

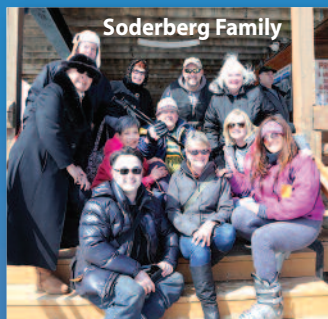

Ski Brule has kept founder George's promise of "quality family fun at an affordable price" for over 60 years. Ski Brule is also the friendliest, most outgoing, helpful resort anywhere with a variety of activities for families with mixed interests. You have many recreational options, spend it with your Ski Brule family and create lifetime memories.

Ski Brule is pleased to assist you in planning your Upper Peninsula of Michigan adventure. Call 800-362-7853 or email info@skibrule.com for more

information about a visit to Ski Brule.

Ski Brule made Peter Soderberg's 90th birthday wish come true. He wanted one more ride down Brule Mountain and Ski Brule made his wish a reality. When asked to describe skiing, Peter responded: *"Flying through the air is a glorious feeling. Returning to terra firma, your skis thudding on the snow, breaks apart the reverie as you refocus on what lies ahead: a river of white to navigate and conquer. As you slalom down the course, you avoid some obstacles, but others, like moguls, you take head-on and at full speed, recapturing the sensation of flying. At the end of the trail, you sweep to a stop, a spray of snow behind you, and celebrate your victory over the mountain. A more apt metaphor for life has never been more clearly expressed."*

The Best Snow

Ski Brule will provide the best conditions at all times. Ski Brule will be the first to open and have the longest season in the region.

It's the 'never quit' attitude of the Mountain Crew at Ski Brule that has made keeping this promise possible. When temperatures drop, as early as October, Ski Brule fires up the snowmaking system to ensure being the first to open. Ski Brule's powerful snowmaking system combined with 60 years of snowmaking knowledge, makes skiing in October and May a reality. Under ideal snowmaking conditions, Ski Brule can open a trail within 24 hours.

Snowmaking and grooming is truly a science. Although having state of the art snowmaking & grooming surely helps, it doesn't ensure quality snow conditions. It takes knowledge, experience and a few snow secrets to make and maintain amazing snow. When snow is made and groomed properly, it is impossible to tell the difference between "Brule Made" and "Mother Nature Made" snow.

Target Opening: Nov. 9

Opening Friday Is FREE!

"I cannot say enough about our adventure yesterday. My son Bryce and I went for our first time skiing and he asked if we could come back next weekend. All of the staff was fantastic...from the lodge to the Rental Center, to the people shoveling, to the lift operators, to the Homestead Lodge staff. We met a 9-year-old that has a lot of family that work at Ski Brule. She was also a tremendous help to us all day! Wish I could thank her too! We are super sore today, but it was so worth it and we will definitely be back with the rest of our family! Thanks Ski Brule staff!" ~Amber

Is Your Resort

"I always love going to Ski Brule and never get bored there. This past Saturday my dad and I decided to come up and enjoy the slopes. We were not disappointed in any shape or form. Each trail was groomed amazingly and I even conquered one of my greatest fears after knee surgery of being able to take on Big Bear!! Thanks Ski Brule for continuing to impress my family with the support you have provided to us and your amazing staff that keeps up with all the people. Plus each trail is groomed to its finest quality!! We will continue to come back for years to come!!"

SKIWee: The best way to introduce your child, age four & up, to a sport of a lifetime, is to enroll in Ski Brule's SKIWee program. Children learn to ski through fun and games with emphasis on FUN! SKIWee is taught on Gentle Ben, the 'no big people allowed' starter area. Not only is it fun but it's a safe learning environment. Children learn about equipment, walking, sliding, riding the rope tow, stopping, carrying their equipment and how to get up on their own after a fall. SKIWee sessions are filled with activities on and off the slopes; bounce houses, slides, hot chocolate, face painting, meeting the Kid's Center parakeets Tim & Jerry and more.

Childcare: In need of fun off the snow? Or not old enough for SKIWee? Childcare at the Kid's Center is available for children ages one & up. Sessions are filled with activities indoor and out including arts & crafts, face painting, STEM activities, story time and outdoor fun (dependent on children's ages / weather).

The Kid's Center (adjacent the Rental Center) offers three, six and seven hours (including lunch) of fun. Advanced reservations (min. 24 hours) are required for Monday-Friday (non holiday) and early/late season. Call 800-362-7853 to reserve SKIWee and childcare.

TIMESAVER TIPS: Rental forms and SKIWee/Childcare enrollment forms are available at www.skibrule.com - complete prior to arrival. Rental equipment is available at the Kid's Center for children enrolled in SKIWee.

KIDS ARE TOP PRIORITY

"We have 3 kids, ages 4 & under and this was perfect! Living in Indianapolis, the drive was worth it! The Pioneer Lodge was super convenient to SKIWee, rental and the slopes. The onsite daycare was super! The remote location is beautiful. Skiing isn't "uppity", the feel of the whole location is very laid back, which makes going there with small kids very comfortable." ~ Nickle

Homestead Lodge

Ski Brule *Quiet Side*

The mid-mountain Homestead Lodge is one of a kind. Built in the 1800's by the Oberg family, the restored Homestead Lodge is accessible from Homestead and North Forty Trails. Decorated with antiques and farm implements that were once used to work the land on which it sits, the Homestead Lodge is a 'can't miss' on your visit to Ski Brule.

The scent of burgers, brats and pulled pork in the air means it's lunchtime at Homestead Lodge. A favorite gathering place, the Homestead Deck is perfect for telling tales of the day's adventures over lunch.

"After visiting the other U.P. ski resorts, we decided to try Ski Brule and were NOT AT ALL disappointed. Brule takes amazing care of their slopes. There are a good number of trails for beginner to advanced levels. This is a phenomenal place to learn to ski or improve one's skills. The Brule Lodge is well maintained. There is a second lodge on the backside of the mountain. We stopped for lunch on the deck. Really fantastic atmosphere! We had a wonderful time and will be back!" ~Jim

Ski Brule

Midwest's Best!

A variety of features make riders completely at home while at Ski Brule. Brule Parks are designed so riders have a progressive system of features to learn and develop their skills. Smaller boxes, wider rails and series of jumps that start off small and increase as skills become more advanced, make Ski Brule's Parks the best in the Midwest.

The diverse terrain and varying pitches that wind through wooded forests give riders a mountain experience. The rails, boxes and jumps change throughout the season to keep the three parks fresh and interesting.

"Always have amazing snow and hands down the best family friendly mountain! My boys loved the boxes and were so proud to have mastered riding them!" ~ Wes

"I really enjoyed my experience at Ski Brule. We stayed at Big Bear Lodge. It was very clean upon arrival and had plenty of cookware.

The slopes were excellent as well. If you are looking to travel later in the season, take the opportunity here. Despite there being fewer riders, staff and operations were still very active and accommodating. This trip (from Indianapolis) was very smooth and worth every penny." ~Nick

Sporting Clays is a shotgun shooting sport available at Ski Brule. It's often described as golf with a shotgun. Clay pigeons are presented to the gunner in ways that mirror flight patterns of game birds or rabbits in their natural habitat. The course is laid out in stations that offer 50 and 100 target rounds. Various trap positions, trap speed,

shooting position and flight patterns of the different types of targets create shooting opportunities of targets straight through the trees, straight down, overhead, quartering away, mimicking a path a real bird may choose. Shooting is available late May through early October. Reservations are appreciated, hours vary. Gun rental and ammo available. Call 800-362-7853 for more information or reservations.

Shooting Rates: 50 Targets \$20 & 100 Targets \$30

Shooting: 9:00 a.m. & last squad out 3:00 p.m.

"This was our first time to Ski Brule. We were a group of 18 kids and 23 adults. Jessica and her team did an outstanding job of putting together activities and dinners, and made us feel very welcome. The kids (13 year old) said it was one of their best trips ever. All of the adults had a great time as well. Such a friendly, laid back place. I would highly recommend." ~ Tom
