# #1 Kids Programs

A positive and fun first experience is crucial when starting your little ones skiing. They will be hooked as soon they are on snow at the Kids' Center. SKIWee is taught through fun and games so not only do the children have a great time, they do learn to ski! During a three hour session, children learn about their equipment, walking, sliding, riding the towrope, getting up from a fall, stopping and sometimes even turning! It's not unusual to hear giggles from the children on the slides & bounce houses or laughing at their hot chocolate mustache or face painting. The Kid's Center at Ski Brule is all about fun on and off the snow!

Childcare is ideal for those not ready to ski or in need of a break. Children participate in activities including art, story time and outdoor fun (dependent on children's ages & weather).

# The Quiet Side Homestead Lodge

The mid mountain Homestead Lodge will take you back in time. Originally homesteaded by the Oberg family in the 1800's, Homestead Lodge is decorated with historic photos and antique farm & logging implements that were once used to work the land on which it sits. The original Homestead Act, signed by President McKinley, hangs on the wall. Accessible from Homestead & North Forty Trails, the lodge is a great place for a warmup or a bite to eat. Serving food & beverages when lifts operate, the sunny deck is the perfect place to tell tales of your day's adventure. The Homestead Critters are also a favorite part of a visit.

## BBQ Dinner, Tubing & Sleigh

It's not a complete visit to Ski Brule without attending the Homestead BBQ dinner, marshmallow roast, sleigh ride & tubing. The Ski Brule shuttle brings you the bonfire & marshmallow roast before the sleigh ride to the BBQ dinner. Toe tapping music fills the air as you arrive to fill your belly with Ski Brule's famous pulled pork, barbeque chicken, sauerkraut, baked beans, mashed potatoes, gravy, salad, rolls, dessert and choice of one beer, wine or soda. Then it's high speed thrills at Homestead Tubing.
